COMMISSIONERS' REPORT.

The Commissioners of the County of Strafford herewith submit their annual report for the year ending May 1, 1887, together with the reports of the Superintendent of the County Farm, Chaplain, Physician, Sheriff, Jailor, Solicitor, Treasurer, Auditors and Clerk of Supreme Court.

FINANCIAL CONDITION OF THE COUNTY.

The expenditures of the County for the last three years were as follows :

1884.....	\$47,040 58
1885.....	44,882 19
1886.....	43,082 69

The appropriations for the same years :

1884.....	\$50,000
1885.....	50,000
1886.....	30,000

While the expenditures of the County for the year 1886 are eighteen hundred dollars less than the preceding year, and about four thousand dollars less than that of 1884, the report of the Treasurer for the present year will show an increased indebtedness of nearly twelve thousand dollars, (\$11,917 12.) This is simply due to the light appropriation of 1886. If the County Convention had appropriated (\$50,000) fifty thousand dollars for that year instead of (30,000) thirty thousand, the decrease of the debt would have been upwards of eight thousand dollars.

There has been five thousand dollars (\$5,000) four per cent., and twenty-five thousand dollars (\$25,000) six per cent. bonds called in during the year, and twenty-seven thousand five hundred dollars (\$27,500) of the same paid, the balance, twenty-five hundred dollars (\$2,500) will in all probability be paid by June 1, 1887. With only seven thousand two hundred and thirty-five dollars and fifty cents (\$7,235 50) in the treasury, and the County taxes unpaid until December 1, 1887, with an average monthly expense of at least thirty-five hundred dollars (\$3,500), we shall be called upon to borrow ten thousand dollars (\$10,000) for four months time this year, and a much larger sum for 1888. With an average annual expenditure of at least forty-four thousand dollars (\$44,000), with bonds maturing to the amount of ten thousand dollars (\$10,000) per annum for the years 1887 and 1888, and with the increased indebtedness caused by the light appropriations of 1886 and 1887, we would recommend that the County Convention make a liberal appropriation for the next two years.

PAUPERS OFF THE FARM.

There has been an increase of about two thousand dollars for the year ending April 30, 1887, over that for the year ending April 30, 1886, for the support of this class of paupers. This increase was not unexpected. The act passed by the last Legislature for the benefit of disabled soldiers, has cost the County upwards of three thousand dollars for the year past. However just and right this law may be, there has been instances in this County within the last eighteen months, where it has been fearfully abused. A little more discussion on the part of the Overseers of the Poor would help remedy this evil.

COUNTY FARM.

With the exception of the Asylum, there has not been any changes made in the management at the Farm. In this department Mr. Gero retired in favor of Mr. G. Fox Guppy. Several improvements have been made during the year.

Another silo has been built, the two saving fully one-half the hay raised. Larger yards were constructed for the insane. Upwards of one hundred dollars was spent in repairing the large brick oven in the basement. A horse-power threshing machine and an ensilage cutter were purchased at an expense of two hundred and fifty dollars, and the same amount was paid for leached ashes. Eighty dollars was expended on a two-horse work wagon.

Commencing the year May 1, 1886, free of debt, and closing the year with no outstanding bills against the County, the actual expense of the farm has been thirteen thousand five hundred and ninety-eight dollars and ninety-one cents (\$13,598 91), or two thousand six hundred and eighty dollars and ninety cents less than that of the preceding year.

JAIL.

We find by the report of the Jailer that the number of prisoners confined in the jail, April 30, 1887, was twenty-four, nearly fifty per cent. more than the institution is capable of caring for in a decent way. At no distant day extended repairs must be made on this one, or a new and more convenient one built. We would recommend the County Convention to look carefully after the interests of this institution, and make such provisions or recommendations as they deem necessary.

Number of weeks support furnished..... 8203.2
Dividing \$13598.81 by 8203.2, it gives \$1.65 plus as the cost per week for support of paupers.

If we take into consideration, as the Counties of Cheshire and Carroll do, the board of the employes, (497 weeks additional), it will give as the cost per week, \$13598.81, divided by $8203.2 \div 497$ weeks = 8700 weeks, \$1.56 1-2.

Respectfully submitted,

WILLIAM T. WENTWORTH.

CHAPLAIN'S REPORT.

TO THE COUNTY COMMISSIONERS OF THE COUNTY OF STRAFFORD :

Gentlemen—My report for the past year will not vary much from those made in previous years. Services have been held at the County Farm every Sunday, with the exception of those when the weather, or ill health, has prevented my being present. During my three months' absence from the city, in the months of June, July and August, my place was supplied by another minister and the services were regularly maintained. I find the spiritual condition of the inmates at the Farm as encouraging as one would have a right to expect under the circumstances. Among the men there are two or three who pray and are God fearing ; there are more among the women. There is an encouraging state of interest among all who attend the religious services ; they enjoy the singing, and show a marked interest in the preaching, and the expressions of interest are frequent and hearty. It is as attentive an audience as any I preach to. My own labors are ably supplemented by the devout efforts of Mrs. Wentworth in the Sunday School and Miss Merrill, the School teacher, in her personal religious work among the inmates. I minister to the Protestant inmates only,—the Roman Catholics are visited, instructed and ministered to by the Priest and the Sisters of the Convent of the Sacred Heart.

An interesting Christmas Festival was held at the Farm on New Year's day, by the young ladies who have attended to this duty in previous years. Presents in great number and variety, were distributed.

Respectfully submitted,

ITHAMAR W. BEARD.

PHYSICIAN'S REPORT.

TO THE COMMISSIONERS OF STRAFFORD COUNTY :

I herewith present my second report as Physician to the Strafford County Almshouse and Asylum for the Insane.

During the past year there has been very much sickness among the aged people, more so than the preceding year, although there have not been so many deaths as last year, but most of those who have died are quite aged, as the report will show. Everything has been done by all concerned, for the comfort and benefit of those who have been confined there.

There are still at the County Farm a large number of aged people, who have been there for a long time, some almost entirely helpless. There are at the Asylum for the insane about the average number, but two deaths occurring there. There has been the same number of births as last year—seven in all; two from Somersworth, two from Dover, two from Strafford, and one from Farmington. The average age of those who have died during the past year is 66 years. The average age the previous year was 53. On the following page is a list of names, age, residence, date, and cause of death.

I appreciate very much the kind assistance which has been rendered by the Superintendent and his wife, also of those who have tenderly cared for the sick during the past year.

Respectfully submitted,

J. S. DANIELS, M. D.
